## Directors play a Vital Role

District Directors and Administrators play a vital role in the Parent Mentor's planning process, and this year, GaPMP Leadership has put that at the top of the priority list. Here are some ways that is happening:

1. Offering easy access to the Family Engagement Framework Toolkit ([click](#) on the link on the homepage of parentmentors.org)
2. Webinar to assist directors in understanding the research based method for, planning, data collection and reporting the work of the GaPMP
3. Ongoing support and assistance for mentors in quarterly region meetings (which directors are invited and encouraged to attend)
4. Online Learning Modules on a variety of family engagement topics (go to the online training tab on parentmentors.org)
